Pupil registration form

In accordance with the Education Act 1996, section 434 Registration of pupils, schools are required to keep a register containing the “prescribed particulars” of all pupils registered at their establishment. We are required to process, i.e. receive, work with, store and share data with others on the lawful basis of *Public Task*. This means that the school is required to carry out these tasks as part of their public duty.

Special category (sensitive) data will be processed on the lawful basis of *public interest* and *vital interest*. Schools must know who has parental responsibility for each child, including any relevant court orders that may affect the school’s relationship with the child’s parents.

The school will ask families for *consent* to our using other data, such as photographs.

To ensure that parents receive their entitlements regarding their child’s education, e.g. pupil premium, a form should be completed for each child registered at the school. This will also help the school to effectively safeguard and promote the child’s welfare.
